**Specification:**  
 Size: 131\*14mm  
 Battery capacity: 650mAh  
 Charging port: EGO/510 thread  
 Charging time: 1 hour  
 Resistance: 1.0Ω (Pancake Coil)

**Package Content:**  
 1x Evolve-D Pen  
 1x Extra Coil  
 1x Cleaning Brush  
 1x USB charger  
 1x Instructions Manual

1. Turn on/off: Click the power button 5 times within 2 seconds.
2. Load/ reload: Unscrew the heating chamber with built-in mouthpiece, put material into the heating chamber, leave enough room for air to go through mouthpiece. (DO NOT STAB THE HEATING ELEMENTS). Screw the heating chamber back on.  
 Press and hold the button and enjoy your vaping. Press the mouthpiece to push the product down for even heat distribution.
3. After use, press power button another 5 times within 2 seconds to power off.
4. To charge the battery use the ego USB charger that is included. Red light will glow when it is charging. In around 1 hour the battery will be fully charged, the indicator shuts off.

**Cleaning:**  
 Cleaning is required to maintain the performance of the device for longer life time.  
 Before cleaning, make sure the device is powered off and is cool down.

- Press the mouthpiece to push out the ash and empty the chamber completely.
- Use the brush tool to wipe the walls of the interior and gently brush the coils.
- Wipe the mouthpiece with a damp cloth.

**Protection:**

Safety Cutoff: If the power button is pressed continuously for more than 10 seconds, red light will flash 8 times and stop working. Release the power button and then press the power button to continue vaping.

Short-circuit: White light flashes 3 times.

Low battery: Red light flashes 10 times and stops working.

**Caution:**

1. After use, do not touch the heating chamber until it cools down.
2. Keep the device away from any environment involving strong acids, alkaline, combustible materials, water or any other liquid.
3. Do not store your device in a car.
4. If the device gets too hot in use, please stop using it for a while.
